

# Damaged Rings?

Is it time to replace your cam-lock rings?

Looking for a domestic source and trusted name?

**Goldenrod** in Beacon Falls, CT offers a proven **ROLLER PIN** style cam lock ring as an alternative to the common Ball Lock design. Preferred by operators, the roller pin ring offers better core stability to allow for **INCREASED SPEEDS, REPEATABILITY, and IMPROVED QUALITY** during the winding process. The design is simple, robust, and will slide over your current 60 mm base shaft. Best of all - these rings are **IN STOCK!**
